May 27, 2008

Head Over Heals

Dear Cart-Wheelers:

It has taken me a couple of weeks to think of ways to thank you all for your outstanding contribution to The JBB Project, Inc. There is no "Thank You" big enough! I am overwhelmed and speechless, but so extremely grateful for all of your hard work toward this worthy cause. After I received your HUGE check, I immediately got on the phone making appointments and plans to get my book published. The "Joey's Blood Buddies" book is how it all began, but is the most timely and costly project. Your donation of \$6,861.75 will be used in a variety of ways to help children with cancer, but because of "Head Over Heals" contributors, the book and production of JBB products is no longer just a possibility; it is now a reality. YOU have helped me to provide hope and encouragement to pediatric cancer patients and their families dealing with this complex disease.

Unfortunately, pediatric cancer is on the rise. Although we cannot control the destiny of these precious children, we can certainly strive to make a difference in their lives and in the lives of the families who are in this difficult and lengthy journey. Your contribution and cartwheels will do just that!

I am not done thanking you all, but for now, thank you so much for making a difference.

Sincerely,

Holly A. Messina  
Founder/President  
The JBB Project, Inc.
